Public Health Registries in Maine

Registry Name	Applicable Providers	Providers Stage 3	Exclusion	Notes
Immunization Registry	Providers and Hospitals	Objective 8, measure 1	Does not administer immunizations	Maine CDC ImmPact page
Syndromic Surveillance	Providers and Hospitals	Objective 8, measure 2	Does not collect SS data	Maine CDC is not currently onboarding provider practices for SS but providers can meet the PI requirement by declaring intent to submit when the state is ready by registering.
Electronic Case Reporting (ECR)	Providers and Hospitals	Objective 8, measure 3	Does not diagnose or treat any condition or collect relevant data.	ECR has now been added to the PH wizard for registrations. For more information on the ECR contact: NEDSS@maine.go.
Public Health Registry Reporting	Providers and Hospitals	Objective 8, measure 4		Cancer and Specialty Registries have moved here for Stage 3
Electronic Lab Reporting (ELR)	Hospitals Only			
Clinical Data Registry (CDR)	Providers and Hospitals	Objective 8, measure 5	Eligible for the exclusion	Not available in Maine

Hospitals and Practice Sites Needed

The Maine CDC is looking for hospitals and practice sites that are willing to work with them to prepare for an active registry for Electronic Case Reporting. Please contact: nedss@maine.gov for more information.
